NETWORKING:

Each phone comes with a built in switch that allows you to connect the phone to the Internet connection in an office. If your existing network provides gigabit speeds, then a phone with gigabit capability is recommended.

PoE:

Power over Ethernet allows the phone to be used without the included power adapter if your network switch is capable of providing power to devices connected to it.

HEADSET CAPABLE:

All phones allow the use of external headsets. Please make sure to check the headset you buy to ensure it will work with your phones.

J.D. Power 2019 Certified Assisted Technical Program, developed in conjunction with TSIA.
