to 50% on telephony costs

Earn up front & monthly
recurring revenue

Control your own billing
using your own brand

Dedicated partner
support to help
you succeed

FOR YOUR CUSTOMERS

- **SIP Trunking** can work with existing phone systems. End- users experience no change to their calling experience.
- **Business Continuity.** Even in the event of an outage, maintain business continuity by adding critical PBX features such as auto attendant, voicemail, and more – in the cloud.
- **Uses the existing internet connection.** Bypasses the phone company and reduces operational costs.
- **Cuts calling charges.** Saves money with reduced long-distance, toll-free and international calling rates.
- **Make free inter-office calls,** regardless of location. SIP Trunking offers free calling across multiple office locations, anywhere, anytime.
- **Enterprise-grade datacenters** provides a 99.999% financially backed uptime service level agreement, you won't have to worry about network outages.

FOR OUR PARTNERS

- **Pick the business model that works for you.** Choose from either a Reseller model that provides you with full control over billing, pricing and margin or an Advisor model where you rely on Intermedia to handle billing and support while you earn commissions.
- **New Revenue stream.** Have the opportunity to become your customers phone service provider and benefit from a new source of recurring revenue.
- **Easy to quote and order.** Our Partner Portal makes it easy to quote and order service.
- **Access to experts.** Intermedia's Sales Engineering and Partner Concierge teams helps our partners across the entire customer lifecycle: from quoting, order process, migration and more.
- **New pricing and promotions.** SIP Trunking has new lower, pricing to increase margins, and to ensure our partner success.
- **Interoperability with leading brands–** Intermedia SIP Trunks have been tested against over 30+ PBX brands.

1. INCLUDED FEATURES

- Direct Inward Dial number. You'll receive an included phone number with every trunk.
- Unlimited Local and inter-office calling
- E911 Service Included
- CNAM & Inbound Caller ID appear directly on your telephone LCD display.
- Directory Listing

2. ADD A FLEXIBLE CALLING PLAN

Unlimited plans offer a predictable flat rate fee for monthly phone service. All Local and long distance minutes are included in a flat monthly rate. Unlimited plans are best for customers who make a lot of long distance calls.

Bundled plans offer a flat rate for unlimited local calling, a fixed number of long distance minutes, and an overage fee for exceeding the long distance plan. Bundled plans are best for customers who use more local calling and make few long distance calls.

3. ADD OPTIONAL FEATURES

Automated Attendant

Answers and routes inbound calls to a person, department or information. Provides a menu with custom greeting and menu options. Most often used for failover/business continuity. Local or toll-free number.

Conferencing

Host reserved or reservationless conference calls. Low cost conferencing service with on-net rates for joining a conference on location. Toll-free number.

Follow Me w/Voicemail

Provides call forwarding, call screening, and sequential and simultaneous ringing. Ideal for mobile sales, support or executives. Local or toll-free number.

Toll-free Number

Dedicated toll-free numbers for inbound calling.

Voicemail

Local or toll-free number with built-in voicemail. Ideal for businesses who do not have voicemail or would like to replace their voicemail with a hosted mailbox. Also used for business continuity to deliver special greetings, take messages and send them as a .wav file to an emergency response email distribution list.

WebFax

Receive and store faxes. Secure, confidential "fax mailbox" for receiving and sending faxes from a PC. Local or toll-free number.

Remote Market Numbers

Establish a local presence in a market that might be across the city, state... or nation without the costs of branch office set up, commuting or staffing.

J.D. Power 2018 Certified Assisted Technical Program, developed in conjunction with TSIA. Based on successful completion of an audit and exceeding a customer satisfaction benchmark for assisted support operations. For more information, visit www.jdpower.com or www.tsia.com.
